

THE WAINWRIGHT STAR.

VOLUME II. NUMBER 48

WAINWRIGHT, ALBERTA, THURSDAY, AUGUST 18, 1910

L. S. GOWE, MANAGER

Wainwright's \$18,000 Issue of School Bonds Brings 97, Netting \$17,460

At a meeting of the School Board held last evening to consider the bids received for the \$18,000 issue of school bonds, it was decided to accept Brent, Noxon & Co.'s offer of 97, which was the highest received. This price is net, and the amount that will be received by the Board is \$17,460.

The price is considered to be a very good one, for twenty-

year 5 per cent. bonds. The bonds are repayable in twenty equal annual installments.

The offers received were as follows:

Brent, Noxon & Co., Toronto, \$17,460; Nay & James, Regina, \$17,307; J. G. McIntosh, Winnipeg, \$17,197; W. A. McKenzie, Toronto, \$17,170; Ontario Securities Co., \$16,747; Wood, Gundy & Co., Toronto, \$16,857.

New Drugstore For Wainwright

Wainwright is to have a new drugstore. Grow & Sutherland, late of Winnipeg, are to be the proprietors. They will open up in the store until recently occupied by Crampton Bros., confectioners, and will carry a full line of drugs and stationery. Their business announcement will appear in the next issue of the Star. Mr. Sutherland has been in town several days, and is greatly struck with the place, and sees for it a splendid future.

DOWNIE'S WORLD'S-BEST DOG AND PONY SHOW

Andrew Downie, who is the acknowledged foremost animal trainer of the period, and whose company of educated dogs, ponies, goats and monkeys have delighted the denizens of almost every known part of the globe, will shortly visit this town with his company of aristocratic and sagacious animals, some hundred in number; which, it is said, have never been equalled from a point of intelligence. They will arrive in their own private cars and will exhibit under a thoroughly water-proof tent.

The exhibition, which is very attractive to ladies and children especially, will no doubt receive the hearty support of the citizens. The prices of admission are, children 25 cents; adults 50 cents.

Mrs. Finlay and children arrived in town last Monday from Edmonton. They will remain in a short time to make their home here.

Mr. and Mrs. H. V. Fieldhouse arrived home on Tuesday from a trip to Calgary and Banff. While in Calgary Mr. Fieldhouse attended a meeting of the Grand Lodge of Oddfellows.

Good day, are you thinking of running for the mayoralty?

STAR SHOTS

It has been suggested that the Gun Club scores should be put under this heading.

Edmonton has a publicity agent in Calgary named Candy. He should catch lots of suckers.

It begins to look as though the mayor of New York would really be the Gaylor by that attempt on his life. They are talking of him as the Democratic candidate for president.

Oh, it's sure a hard lot:
To lose a teapot.
By just one shot.
So ruined E. C.
As unhappy he
Thought, and thought and thought.

25,000,000 Grain Crop

This is Hon. Duncan Marshall's Estimate of Grain to be Harvested in Alberta this Year.

Calgary, Aug. 13.—Hon. Duncan Marshall, provincial minister of agriculture, confidently expects that Alberta crops will yield 25,000,000 bushels this year as against 32,000,000 bushels last year. The minister, who has made careful and exhaustive inquiries in every part of the province where crops are produced, in giving his computation yesterday said the estimate was a conservative one.

"It can't be said, therefore, that the Alberta crop this year is by any means a failure," he observed.

The dryness so much complained of was by no means general. Even in the south part of the province where undoubtedly there had been a lack of rain he had seen some fair crops.

"I think there will be an abundance of hay for feeding this winter," he declared.

The railroads too were doing their best to help the ranchers, in districts where the grass had been burnt up pointed out Mr. Marshall. They were offering ranchers special rates on sites so that they could take their cattle from the affected districts and put them in districts where the pasture was good. In some districts too, stock was being driven some 30 or 40 miles from the ranch to well pastured parts so that they would not suffer for lack of feed during the winter.

On Monday of this week for Michigan, where they will spend a few weeks' visiting friends. It is not probable that they will return to Wainwright.

Miss Musson left on Wednesday for Toronto and Whitby, Ont., where she will visit friends for a couple of months. She went by steamer from Port Arthur to Owen Sound.

Trading Active in Town Property

Trading in town property continues to be quite active. W. B. Crawford reports the sale of lot 2, in block 22, to Lea, Favier, of Paris, France. Mr. Favier was in town a few days ago, and was so struck with Wainwright that he decided to make an investment. He expects that within a very short time the property which he bought will be in the heart of the town. The price paid for the lot in question was \$350.

N. Kinsella, private secretary to E. J. Chamberlain, was the vendor.

Another deal reported by Mr. Crawford is the transfer of lots 14, 15, 16, 17 and 18 in block 54, from the Grand Trunk Pacific to A. C. Armstrong, for \$275.

The Citizens' Band shows gradual improvement since its reorganization, and their playing on Friday evening on the occasion of the regular weekly concert, was very favorably commented upon. These weekly concerts contribute very materially to the pleasure of the citizens.

George Richardson has disposed of his grocery and provision business to A. C. Armstrong, who will continue it on the same lines as the old stand. Mr. Armstrong will take possession of the business to-day. His announcement will appear in the Star of next week.

Reduction In Lumber Prices

Coast Millmen Knock \$2.00 Per Thousand Off Odd Lengths—Local Dealers Don't Handle Odd Lengths Now.

Vancouver, Aug. 12.—The coast and mountain mill men's conference with the prairie retailers at Banff concluded yesterday, at which it was agreed to reduce the price on common lumber \$2 per thousand. A number of retailers, who expressed an unwillingness to give the farmers the benefit of the reduction were given a warning.

All the reports presented showed the lumber trade to be in a flourishing condition. The stocks of the coast mill men were shown to have been one hundred and one million feet, as compared with two hundred million feet on January 1 and one hundred and seventy-five million feet a year ago.

The stocks of the mountain mills are now one hundred and sixty-five million feet, as against two hundred million feet this time last year. Spruce mills reported that they will have twenty million feet on hand at the end of the season, as compared with seventy-five million a year ago, and the white pine men east of Winnipeg, showed that their stocks are forty per cent less than they were a year ago.

Several spruce mills and one white pine saw mill have closed through lack of supply of logs. The former includes the Red Deer mill at Prince Albert. Two large saw mills in the Kootenays were destroyed by fire last month, thus reducing the output for the present.

Columbia mill men also reduced the price on ship lap \$1 per thousand. They also agreed that odd lengths would not comprise more than 25 per cent of their shipments to the prairies.

T. G. Cook, of the Imperial Lumber Co., on being shown the above despatch, said that the reduction would have no bearing on the local situation. "The reduction, you will notice is on odd lengths only, and even with the reduction, odd lengths will cost the consumer more in the long run than even lengths. For instance, the waste in odd lengths is estimated at 25 per cent. If the lumber was being sold at \$28 a thousand this would be \$7.00. The odd lengths would still be \$5.00 higher than even lengths, which there is practically no waste. We have found that our customers all want even lengths, and we do not intend carrying odd lengths at all."

C. G. Fieldhouse of the Wainwright Lumber Co., took practically the same view of the situation. "Odd lengths," he says, "are an abomination, both to the consumer and the dealer. We have found no demand for them, and until there is, will stick to even lengths. There is no economy in using odd lengths even if the price was reduced \$4.00 a thousand."

Methodist Notes

Sermon theme for Sunday next at 11 a.m.—"Treasures." 7.30 p.m.—"A Cordial Invitation." The sacrament of the Lord's Supper will be administered at the close of the evening service.

Sabbath School at 9 p.m. Not only children are invited, but adults to join the growing Bible class.

Evangelists Johnson and Scott opened services at Trafalgar street on Wednesday evening, and will continue for a week.

Washburn Wins Silver Teapot

Interesting Handicap Match Last Monday Evening—Buckley at Scratch, Lost in Shoot-off.

A silver teapot, was the trophy hung up or set down. You pay your money and take your choice as to whether its position was perpendicular, horizontal or metaphorical, but it was shot for by the Gun Club marksmen last Monday evening, and it fell into the hands of W. E. Washburn. H. Y. Pawling was the donor of the trophy.

Of course E. C. Buckley should really have had it, and but for the fact that he didn't break as many birds at the critical time as Mr. Washburn did, no doubt it would have been occupying a place of honor among the household gods of the Eugenic shot.

These unfortunate accidents will occur with the best regulated shots.

There has been considerable argument as to how Mr. Buckley came to miss those last few birds. Some say that for a few moments he was under the hallucination that the clay birds were the real thing, and was afraid of breaking the game laws, while others cling to the belief that it was merely a swift humanitarian impulse which overcame him and caused him to recoil at the thought of blotting out those feathery young lives. At any rate he lost.

This was a handicap match, with Mr. Buckley scratch. Mr. Washburn had a handicap of one and as he broke 20 birds to Mr. Buckley's 21, tied the scratch shot.

It was a close shot, and eight birds and Mr. Washburn broke seven to Mr. Buckley's four.

The scores of the various competitors were as follows: Betts, 18; Buckley, 21; Stimpson, 19; Morrison, 14; Doersam, 7; Warner, 16; Forster, 8; McLuhan, 17; Dewar, 13; Washburn, 20; Watson, 10; Ross, 13; Logan, 11; Musson, 15.

Kaid Belton Again in Town

Kaid Belton, to whose picturesque career the Star last week made some reference, was in town again last Monday, having come in from Toftield to get his mail. While here he received from Winnipeg an invitation to become a member of the Veterans' Association that is being formed in Winnipeg. The Kaid was informed that his name had already been placed upon the roll of honor, and he was further told that if he could attend the gathering which it was intended to hold on Thanksgiving Day, he would be given a special reception.

Kaid Belton, informed the Star that he would endeavor to accept the invitation.

At a meeting of the Citizens' Band committee held on Thursday evening of last week, general satisfaction was expressed at the steady improvement shown by the band. The suggestion, that the band give a concert in the near future, was made and this will probably be done. A number of accounts were passed.

All the live merchants advertising, "I would as soon try to run a store without clocks as without advertising," says John Wainmaker. If you are not ready a Star advertiser get in now.

Distinguished Party of Grand Trunk Officials Including Mr. Hays Here

Wainwright is this morning entertaining a distinguished party of Grand Trunk officials, including Charles M. Hays, president; General Manager Chamberlain and Mr. Smithers, chairman of the London board.

The party arrived here last evening in a special train of five coaches, and spent the night here.

Mr. Hays, Mr. Smithers and others of the party, strolled about the town last evening, and this morning the whole party of twenty-one were driven out to the Buffalo Park by members of the Board of Trade. They appeared to thoroughly enjoy themselves. At the time the Star went to press they had not returned, but it was expected that the train would pull out shortly before noon.

The party comprises the following Grand Trunk officials: C. M. Hays, president of the G. T. P.; A. W. Smithers, chairman of the London board; E. J. Chamberlain, vice-president and

Presentation to Miss Musson In Good Cause

Previous to her departure for the east, Miss Musson, who for some time has acted as organist of St. Thomas' church, was presented by the congregation with a clock, jewel case and mirror, all in "formal gold." The presentation was accompanied by the following address: "Miss Musson: We have been appointed by the members of the congregation of St. Thomas to ask your acceptance of the accompanying small token of their esteem."

"We on behalf of the congregation, wish you to accept our thanks for the great kindness displayed by you in having ably conducted the duties of organist in the church, with every good wish for a very pleasant vacation."

Signed on behalf of the congregation:
R. B. Davidson, warden
G. L. Gibson, warden
H. C. King, choir master
H. Revell, incumbent.

The Star has received a copy of the first issue of the Brooks Banner, published at Brooks, Alberta. The editor and proprietor is Calvin Goss, a veteran journalist and printer, who came to the Canadian west seeking to improve his fortune. Mr. Goss was for a month on the staff of the Wainwright Star. His Banner is a breezy, well printed and well edited sheet, and its columns are liberally patronized by the merchants of the place. Long may Mr. Goss and his Banner wave.

H. C. Duff left on Wednesday for the east. He will be absent for a couple of weeks, the greater part of which time will be spent at Indian Island on the Georgian Bay, where his father, W. A. H. Duff, E. C. of Hamilton, has a summer home. He will also visit Toronto, and as a delegate from the Board of Trade, will interview Mr. Brown, the publicity representative of Alberta in that city. During Mr. Duff's absence from the city his real estate business will be in charge of R. A. Snyder of the Wainwright Pharmacy.

The tennis enthusiasts have been playing a little, and it is expected that several representatives of the Wainwright Club will take part in the tournament, which will be held at Edmonton early in September.

general manager John W. Loud, freight traffic manager W. E. Davis, passenger traffic manager J. E. Dalrymple, assistant traffic manager H. Doss, assistant secretary of the Grand Trunk, D. E. Galloway, N. Kinsella and Louks, secretaries. Travelling with the party are: Sir Geo. and Lady Doughty, Jas. Carruthers, Hubert and Miss Smithers, Mr. and Mrs. Thornton Davidson and Mr. Hunter, of the famous Swan-Hunter shipbuilding firm of England.

From Edmonton the party will proceed west to Vancouver and thence to Prince Rupert. In the course of the trip every branch line in the rapidly extending network of the G. T. P. will be inspected, the journey occupying one month. As an illustration of the rapid extension of the G. T. P. service it is worthy of remark, that two or three years ago this annual inspection trip, which now occupies one month, was easily completed in two weeks.

A Missionary In Good Cause

A. Andrist, a homesteader who resides about eighteen miles north of the city, was in town on Monday, accompanied by his wife, who he was taking to Mayo Bros' sanatorium at Rochester, Minn., to undergo a surgical operation.

Mr. Andrist carried in his hand what at first sight appeared to be a sheaf of wheat, but which on closer examination was found to contain not only wheat, but oats, timothy and flax.

Mr. Andrist exhibited his samples to several members of the Board of Trade and said that he was taking them along to show to some of his friends who were under the impression that this country was all burned up.

Mr. Andrist was given a number of copies of the special edition of the Star and wished God-speed in his missionary work.

The auction sale of horse conducted at the stock yards here last Saturday by V. B. Robbins, was a complete success. Twenty-one head of horses were disposed of, the total proceeds of the sale being \$1,000. E. Ellis got the pick of the lot, a handsome and well-bred driving mare in foal to "Gay Boy." He paid about \$150 for her. Another two year old mare brought \$167, but the average price was about \$300.00. Mr. Robbins informed the Star that all the purchasers paid cash.

Stimpson & Cook, building designers of this town, have prepared plans for a public building for Toftield. The building will include a fine hall, council meeting room, and police station. The design is very attractive, and the plans have been beautifully drawn. The contract for the erection of the building has not been awarded yet. This firm also drew plans for the \$18,000 school building that is being erected in Wainwright. They make a specialty of school building plans, and are recognized as experts in this class of work.

The Wainwright Star has added one hundred and ten new subscribers within the past three weeks. If you have anything to sell, send a better lot these people about it.

The Kind That Mother Used to Make

Her smiles! Ah, they are mighty sweet!
They fill my days with sun and shine,
They guide the path, before my feet
With glory golden and divine.
They fill me with ambitious far,
For tasks immortal to make,
And spur me ever on, for they're
The kind that Mother used to make.

Her eyes! Ah, they are deeply blue.
How I rejoice to watch their light
As they flash out on care and rue
And drive all worry out of sight!
And when she uses them—ah, no!—
To stir me, how my pulses quake,
For they're again the kind, you see,
The kind that Mother used to make!

Her cooking! Ah, what goodies lies
Behind each collared saucer!
Such rabbits rare, such pumpkin pies,
Each dish a sweetly dainty dream.
It matters not what she may do,

Whatever she shall mix or bake,
There is not one unkind to make.
The kind that Mother used to make.

And when at night, returning late,
From business cares—and other
things—
I find her waiting at the gate,
Or upstairs, full of new findings,
I think of many a bygone day,
And how my daddy used to shake,
For her remarks too, sad to say,
The kind that Mother used to make!

But, never mind, there is a charm
Which puts all railing to the rout,
Initiates a peaceful calm,
Gives peace within and peace with-
out.

And when rebukes like Mother made
Assail the ear, both sad and fair,
Just trawl outside—invoke the aid
Of one ten-cent BUCK-EYE cigar.

**P.S.—In the midst of misfortune, when all seems
lost, never despair. There is still the BUCK-EYE
—and it is the best ten cent cigar you can buy.**

THURSDAY AUGUST 18, 1910

ELECT GOOD MEN

It is important that the best men available should be elected to Wainwright's first town council. There will be many problems of importance to be dealt with, and situations will arise that will make it of the utmost importance to the town to have men of experience, wisdom and clear heads at the helm of the civic ship. It will be an unchartered course that the councillors will have to follow, and they will have to proceed carefully in order to avoid the rocks and reefs. The only thing that should be considered in selecting our civic rulers the first year, is efficiency. Men should be chosen who cannot be influenced by every meddlesome parish politician who has an axe to grind.

NICELY, THANK YOU

The rapidity with which the circulation of the Wainwright Star is growing is abundant evidence that the general public appreciate a newspaper that gives the news, and is fair and dispassionate in its treatment of public questions. The Star is first and foremost a local paper, and the interests of the growing and progressive town of Wainwright will be its chief concern. We do not hope to please everyone, and shall make no effort to do so. The only newspaper that ever succeeded in accomplishing that feat is now occupying the front room in a Nova Scotia poor house. It is a nice, sunny room, all right, and they try to make him as comfortable as possible, but he would probably feel more at home elsewhere. We have no wish to emulate his example.

EDITORIAL NOTES

Sir Wilfrid Laurier in his Calgary speech attributed the prosperity of the country to Providence and the Interior Department as managed by Hon. Francis Oliver. When you think of it, it really is very magnanimous for Sir Wilfrid to give Providence a portion of the credit.

The efforts of certain American papers to stem the tide of immigration from the United States to Canada by lying tales of poor crops, and other misrepresentation will have no more effect upon the movement than Mrs. Partington and her mop had upon the waters of the Atlantic ocean.

The Wainwright district will be very much in the public eye at the Edmonton exhibition. The samples of grain that will be exhibited by the Board of Trade cannot fail to attract a lot of attention, and as there will be many people at the fair looking for a location in the west, a considerable movement in this direction should be the result.

Florence Nightingale, the heroine of the Crimean war, is dead at an advanced age. She was a woman with a great soul, whose passing will bring sorrow to the whole Empire. Her wonderful battle with disease and death in the Crimea, marked a new era in the methods of caring for the sick and wounded in army camps. From her work developed the Red Cross idea, and the introduction of modern and effective methods of nursing and sanitation. A grateful people will keep the name and fame of Florence Nightingale forever enshrined in their hearts.

BUCKLEY GETS GOLD BUTTON

At the regular shoot of the Gun Club last Friday evening the gold button was won by E. C. Buckley, with a score of 21. Mr. Buckley is one of the most consistent shots in the Club, and deserved to win.

For the silver button M. L. Forster and P. E. Ross tied, with 13 each.

The scores in detail were as follows:

Betts, 13; Doersam, 10; Forster, 13; McLuhan, 10; Morison, 12; Washburn, 18; Buckley, 21; Watson, 12; Ross, 13; Musson, 12.

BETTS GETS GOLD BUTTON

"Doc" Betts won the gold button at the regular weekly shoot of the Gun Club on Monday Aug. 7th. His score was 18. E. C. Logan and L. McLuhan came next with 16.

For the silver medal H. G. Morison and W. J. Musson tied, each having broken 13. Mr. Morison was the winner in the shoot-off. The scores were as follows:

P. E. Ross, 9; E. T. Stimpson, 8; J. Warner, 12; Doersam, 12; Forster, 6; Richardson, 12; L. McLuhan, 16; W. E. Washburn, 15; E. C. Buckley, 13; Dr. Betts, 18; H. Laird, 1; R. Readman, 7; Bert Laird, 12; W. J. Musson, 13; Dr. Watson, 9; E. C. Logan, 16; H. G. Morison, 13.

BUCKLEY WINS GOLD MEDAL

E. C. Buckley, who led in the first half of the gold medal shoot, finally captured the trophy, but he was given a run for it by McLuhan and "Doc" Betts. When the list of the 100 birds had been shot at, these three members of the Gun Club were tied, with 64 each. In the ten-bird shoot-off Buckley won.

The scores in the last half of the competition were as follows: L. McLuhan, 32; P. E. Ross, 22; Dr. Betts, 30; E. C. Buckley 31; J. Warner, 32; H. G. Morison, 27; W. J. Musson, 25; Doersam, 20; E. C. Logan, 26; Vallie, 30; E. T. Stimpson, 30; W. E. Washburn, 27.

RING

MARINO IN CALGARY

Eddie Marino is back in Calgary to meet Abe Attell for the featherweight championship of the world on the 22nd of this month. Marino has had eight fights since he was in Calgary just, and won all of them with one exception. Four of the eight were won via the K. O. route in four rounds each.

Attell and Marino had a 10-round contest just previous to Marino's first appearance in Calgary, and ringside witnesses say it was a corker. At that time Marino had less than three months' ring experience, while Attell was the champion. Marino says he will turn the tables this time, and that Calgary fans will see the making of a new world's featherweight champion.

Marino still claims the title of lightweight champion of Canada. He says that the time he won it from Lander it was as a real lightweight; while when Lander later got a decision over him Lander was at least eight pounds over the limit, and was in reality a welterweight. Marino will do his training in East Calgary.

IT ALL DEPENDS

Although Bob Fitzsimmons did not win his championship belt till he was 35 years old, Jeffries, at the same age, was unable to "come back." Boxing experts have many adages about "youth being served," and about men having done their best work in the first half of the thirties. In fact, there are no definite rules that apply to all boxers. "Fitz" held the cham-

ionship undisputed for two years, and he was 30 when Jeff put him out the second time. Jeffries was 24 years old when he beat Fitzsimmons at Coney Island. He was 35 years 2 months and 19 days old when Johnson whipped him in the "battle of the century," July 4. At 35 he is "an old man." At this same age Fitz was in the zenith of his great power. After the two knockouts which Jeffries imposed on him, the Cornishman went out and beat all candidates except Phila. Jack O'Brien, with whom he drew, until the total period of his existence totalled 43 years. What other fighter in the history of pugilism can claim such a record? None. Fitzsimmons is to be considered all the more extraordinary because of the weight handicap which he suffered after he defeated all the middleweights. Never scaling more than 170 pounds, he had all the punching force of men of 50 pounds more left. At 29 Jeff retired from the ring and rested on his reputation. He did much hunting and fishing, but idleness was his principal occupation for six years. And when he was induced to train and knock the packing out of Johnson, his pouch bulged like a submarine boat. He reduced to his old weight after much effort.

AFTER JOHNSON

The scent of the bacon is very pungent in the wake of Jack Johnson. Hanging on his trail, lured by the same frying odor, is a horde of world-be pugilistic phenomena; over-eager for the chance of getting on a match and a little notoriety. Among them are football players, wrestlers, athletes and baseball players. By anyone that knows anything about prizefighting, the challenges of these pugilistic seekers are regarded as jokes, and the men have little or no chance of getting on a bout. Those who are after Johnson's laurels are Albert Benbrook, one of the star football players of the University of Michigan last fall, and Earl Van Meter Long, a Harvard strong man. Larry McLean, catcher of the Cincinnati Reds, thinks he has a good chance of lowering Johnson's colors, as does Frank Smith, the clever twirler of the Chicago White Sox. Hugh McIntosh, the Australian promoter, has an unknown that he thinks can stow away big Jack. Jim Corbett says Frank Gotch is the man to defeat Johnson. But Gotch, who has better sense, says he does not know enough about pugilism to enter the ring with the colored man. Tommy Ryan, the man who taught Jeffries how to fight has a not-yet-but-son champion in the person of Con O'Kelly, the so-called great Irish mat artist.

JOE GANS DEAD

Baltimore, Md. Aug. 10.—Joe Gans is dead of consumption, which manifested itself about a year ago. Late last spring he went to Arizona with the hope of restoring his health, but the disease had been too deeply seated and he declined rapidly. He was brought here last week to die.

He was 34 years old. Joe Gans' true name was Gant, the name Gans having been fastened upon him early in his career by a mistake of a referee. He began his ring career in 1894. His first fight for money is said to have brought him \$4. The largest purse for which he ever fought was \$35,000, in his first bout with Nelson. Of this, Gans received but \$11,000, he having agreed to give Nelson the remainder, win, lose or draw. Gans won the title of lightweight champion from Frank Erne at Fort Erie, Ont., in one round in 1902, and lost it to Battling Nelson in 1908, in the seventeenth round.

Synopsis of Canadian North west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a 14 section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of homesteading homesteaders.

Dwelling—Six months residence upon and cultivation of land in each of three years. A homesteader may live within 3 miles of his homestead on a farm of at least 32 acres, or on a homestead of 140 acres, or on a homestead of 40 acres, or on a homestead of 160 acres, or on a homestead of 320 acres, or on a homestead of 640 acres, or on a homestead of 1280 acres, or on a homestead of 2560 acres, or on a homestead of 5120 acres, or on a homestead of 10240 acres, or on a homestead of 20480 acres, or on a homestead of 40960 acres, or on a homestead of 81920 acres, or on a homestead of 163840 acres, or on a homestead of 327680 acres, or on a homestead of 655360 acres, or on a homestead of 1310720 acres, or on a homestead of 2621440 acres, or on a homestead of 5242880 acres, or on a homestead of 10485760 acres, or on a homestead of 20971520 acres, or on a homestead of 41943040 acres, or on a homestead of 83886080 acres, or on a homestead of 167772160 acres, or on a homestead of 335544320 acres, or on a homestead of 671088640 acres, or on a homestead of 1342177280 acres, or on a homestead of 2684354560 acres, or on a homestead of 5368709120 acres, or on a homestead of 10737418240 acres, or on a homestead of 21474836480 acres, or on a homestead of 42949672960
